1. Policy Statement

Evergreen Community Care obtains and maintains adequate insurance for its premises, vehicles, operations, and people — including coverage for casual staff, students, and volunteers — reviews every policy annually, and maintains the safety inspection and accident prevention procedures that underpin insurability (SHSS H.1.9). Certificates are filed in this register and provided to funders as required by contract.

2. Required Coverage

Coverage	Minimum Standard	Basis
Commercial General Liability (CGL)	Per funder contract (commonly \$2M–\$5M per occurrence); covers employees, casuals, students, volunteers; funder named as additional insured where the contract requires	SHSS H.1.9; Schedule A
Abuse & molestation coverage	Included or by endorsement — essential for residential care; confirm limits with broker	Sector standard; funder review
Property / contents / tenant's legal liability	Replacement value of premises interest and contents	SHSS H.1.9; lease terms
Vehicle insurance	Minimum \$1,000,000 third-party liability on every vehicle used to transport persons in care; appropriate rate class for care use	SHSS F.1

5. Claims and Incident Procedure

Notify	Any event that could lead to a claim (injury, property damage, vehicle collision, allegation) is reported to the PM the same day; PM notifies the ED; ED notifies the broker/insurer promptly — late notice can void coverage
Preserve	Preserve all records, photos, and witness details; a litigation hold applies under ECC-REC-POL-2026-001 §5
Coordinate	Reportable-incident duties to the funder (SHSS C.2.8 / CLBC CI process) proceed in parallel — insurance notification never delays SW/funder notification
Vehicle collisions	Police/ICBC requirements followed; PM collects the driver's report same shift; vehicle removed from service until inspected
Claims log	ED maintains a claims log: date, event, insurer file #, status, outcome; reviewed at the annual broker meeting
